

TRAY PLATENS

New or replacement tray platens/carriers for all types of trays; paperboard, plastic, and aluminum. These long-wearing tray platens can be made to handle any shape, size, or brand name of tray.

✓ FEATURES

- › State of the art computer controlled milling equipment produces plates that are the highest quality and closest tolerance in the industry.
- › Anodize aluminum finishes are available in clear, hard coat, and hard coat with Teflon impregnate, for maximum corrosion resistance.
- › Quick deliveries thanks to our extensive manufacturing capabilities and resources.
- › Full design and engineering capabilities. Drawings are available in many different formats, 2D or 3D.

**We'll build tray platens
to meet your needs.**
