

ROTARY TRAY MAGAZINE

This Rotary Tray Magazine is specifically designed to reduce time loading food trays, by allowing the operator to load 6 stations at one time.

FEATURES

- Heavy-duty stainless steel frame and hard anodized aluminum turn table for long lasting corrosion resistant service.
- NEMA 4X Hoffman waterproof control cabinet.
- Smooth operating rotary indexer for consistent performance.
- Simple to operate controls with an Allen Bradley PLC for long lasting dependable service.
- Fits all half-size steam tables with no changeover or adjustment.
- Works with the Midway Machine Tray Denester.

SPECIFICATIONS

- 6 station approx 1300 tray capacity.
- Electrical: 460 VAC 3 phase.
- Air: 60 PSI minimum
- Size: 60" dia. table.

Shown with optional steam table tray denester.

We'll build a rotary tray magazine to meet your needs.
