

STAINLESS STEEL CONVEYOR

Maintenance Free

Midway Stainless Steel Conveyors are designed to withstand the harsh environment of cleaning chemicals and high-pressure washdown. Stainless steel conveyors are available in many different styles, including fixed inline or portable — all engineered for use in food processing and handling. Incline, straight, and curved conveyors in a variety of widths and lengths are just a few of the configurations available.

Maintenance-free stainless steel conveyors eliminate:

- Oily chain drives
- Greasy bearings
- Drive chain tensioning
- Conveyor belt adjustment
- Hard to clean drive chain covers

FEATURES

- High quality conveyor belt brand names, Intralox, KVP Falcon, and Habasit.
- Long lasting, all stainless steel AC motors, Reliance, Baldor, Sterling, and Lincoln.
- Reliable, long lasting, stainless steel reducers, Winsmith, Baldor, Sterling, Grove and Dodge.
- Grease free, stainless steel and polymer bearings, Solidur, EDT, Valuguide, and Dodge.
- Heavy-duty frame construction consists of polished square stainless steel tubing and formed polished stainless steel sheet metal.
- All seams are fully welded and polished to eliminate hard to clean areas.

We'll build a stainless steel conveyor
to meet your needs.
